

## Peace Journey: The Struggle for Peace in Bosnia

Offered the job of succeeding David Owen as the European negotiator in Bosnia, Carl Bildt thought hard before accepting. Sustaining a coherent diplomatic initiative is exhausting and exasperating work, and the difficulties, disappointments and even betrayals he suffered in the job, amply justified his hesitation. But the prize of seeing Bosnians beginning to put together the pieces of their country was a great reward. There are powerful and poignant moments, and Carl Bildt provides new information on some turning points in the Balkan saga, such as the mass killings at Srebrenica, the Croat capture of the Krajinas, and the tragic failure to prevent the Serb exodus from Sarajevo.
