Conversation Starters: Want to eliminate the awkward silence? Ever had nothing to say when with someone? Shocked that nothing came to mind to chat about on your last date night? You are a talkative person, so to have nothing to talk about was indeed a shocker. That's a good thing. Meaning you need to review this list which will in turn be talked about next time. Dig in!

Authors Goal: My goal is to have you to crack a smile, be inspired, be reminded of something important, change poor habits, and if I don't I want you to let all of your friends know that I didn't. Tell them to read this for themselves. Try to get them to agree with you. And if you do, I'm going to thank you for spreading my book word of mouth. No, really I hope you enjoy this and the later editions of my 1000-series. I don't know exactly where this is going to lead me, but I want to make sure that I continue to enjoy every bit of writing.
