**CROSSED** (prequel) She is looking for the one. He never thought the one existed. But the one thing that connects them can also tear them apart. Healing from a loss, Grace Brooks wants nothing more than to move on and has given every man she dated a chance—only to find they’re not worth her time. Tying up loose ends of a case, Hunter Reeve stumbles upon a woman who may be the key to putting away a criminal family behind bars. As danger lurks, weaseling itself into Grace’s life, Hunter is forced to make a choice between his work and Grace. And the wrong choice could have consequences neither one is ready for.

**LAYERS CROSSED** (Book 1) Shes a city girl. Hes a country boy. And their worlds are about to collide. Seeking justice, the mouth-watering cowboy, Eric Waters hires Cross Enterprises to find the man who’s been threatening and haunting his family for decades. And the city girl he hires captures his heart and soul. Tired of beat-up cases, the witty private-investigator, Emma Cross, finally gets an assignment worthy of her talents. Except keeping her wits around her muscled employer from the country is more difficult than she expected. The moment their paths cross, Eric and Emma captivate

each other, but mixing business with pleasure may prove more risky than Emma has bargained for and more deceitful than Eric's honest heart can handle. With a foundation of lies and fear to put the past behind them, their blossoming relationship is tested by family, friends and enemies. As threat looms, trust and honesty are broken, and Emma and Eric's lives are flipped upside down. Can they withstand the storm and find a way to stay together, or will each have to go back to their corners of the world? **DOUBLE CROSSED (Book 2)** She returns home with secrets. He wants her to trust him and move on. But not all secrets are meant to be told. Home to aid with her parent's healing from an attack, Annabelle Waters has four weeks to find them a new place to live, take care of their farm and study for her last exam to get her nursing degree. And if that wasn't enough, commitments she made in San Francisco continue stalking her. Eager to help her ease back to town, Derek Fields is determined to convince Annabelle, the girl he'd last seen as a kid, to stay in her home town. His best friend's little sister is no longer a scrubby girl, but a woman who haunts his dreams and revives his desires. The moment their paths cross, Derek and Annabelle find that their attraction cannot be controlled. Consequences disappear as their friendship grows, only to be tested by a man who had a plan for Annabelle Waters for much longer than she's known him. And sooner or later, all secrets come out... **CROSSED OFF (Book 3)** She left her family to keep them safe. He betrayed his

father to keep him out of jail. And their fate is about to throw in a new curve ball. Skyler Waters works for one of the most powerful men in Manhattan. She depends on the money to keep her safe and hidden from a vengeful half-brother. Except she's not aware that the money she's making is fraudulent. Eager to bring honor to his family name, Cash Wagner will do everything to stop his father's illegal dealings, no matter what the consequence. And when Skyler falls victim to his operation, he will do everything to make it up to her. While Cash's motives are blurred, Skyler realizes that she has much more in common with the gorgeous man who flipped her life upside down and agrees to help him with one last job. After all, she needs the money to survive. Except she's not aware that the job has been waiting for her for two long years... ..and it may be her last.
