

## 16 Essential Steps to Help You Walk Through Your Midlife Crisis: A Self-Coaching Tool for Midlife Christian Women (Self-Coaching Tools for Midlife Christian Women)

If you suspect you're having a midlife crisis, you're not alone. If you're a Christian woman who wonders if it's wrong for a Christian to feel depleted, hopeless, lost, stuck, or unable to discern what it is God wants her to do next in life, you are one of many. You are not weak, crazy, or unspiritual to look for help for your midlife crisis dilemma. A woman may feel in crisis that's age-related, or when facing life transitions such as the empty-nest, a change in marital or employment status, or merely after having accomplished several major life goals. Physical symptoms of perimenopause and menopause are major players in a woman's midlife crisis too. It's important to understand the connection between the physical changes you might go through and your emotional, spiritual, and mental health. For the Christian woman, the crisis feelings may be profound because she does have the answer--Jesus. A Christian woman might do everything right--pray, read the Bible, attend church--and still feel troubled about her life path. She suspects there is more to life--a purpose and mission God wants her to complete--but needs help to uncover it. The author provides insight into her own midlife crisis as a certified life coach and married woman with young adult children. She points out the book is not meant as a general discussion on the highs and lows of midlife, but is specifically for women who feel they are in crisis, whether low-level or debilitating. Part One discusses just how common

the issue is and uncovers many of the associated dilemmas. Topics discussed include the physical, mental, emotional, and spiritual dilemmas midlife women face.

Part Two outlines 16 Essential Steps a woman can begin taking right away to find the satisfying answers shes looking for. The Christian woman is encouraged to include God in everything, and to look for his leading. Shes encouraged to address common midlife dilemmas that can wreak havoc on her quality of life and relationships. Shes given tools and self-coaching sessions to help her identify where God might want her to head next. Also included are 26 Conclusions that are worthwhile for all women. All is supported with Biblical references. A self-coaching exercise is included at the end of each chapter. Dont waste one more day wondering if youre having a midlife crisis. Donâ€™t stay stuck and lost. Join with other Christian women and move forward on your God-given spiritual journey by implementing these Steps as your starting point.
