

Boomer Babes: A Woman's Guide to the New Middle Ages

Are you going to allow your waist to expand and your mind to narrow without a struggle? You, who marched against war and launched the sexual revolution? You, slip into midlife without so much as a backward glance? No way! This irreverent look at life on the cusp of fifty, from two boomer babes who are too old to be young and way too young to be old, is just what you need to stay hip, hot and happy. From kids who won't move out to parents who don't recognize you, from cosmetics to cosmetic surgery, Boomer Babes covers it all. From such mysteries as to how to find Mr. Right (even in the wrong suit) to male menopause (did you ever doubt it?) to how to keep the AARP from finding you (its impossible) to authors feisty take on midlife issues will have you redefining, redesigning, and reinventing yourself before you can say Happy Birthday!
