

The Insurance Wars

An entrepreneur shares his war stories of building a small business and prospering. More than three decades into his life as a multi-millionaire and insurance industry expert, Chuck Tompkins still remembers the day his \$90,000 incoming commission checks weren't enough to convince a small-town banker his business was worth saving. Via a powerfully honest and hearty, "tell-it-like-it-is" reflection, Tompkins uses *The Insurance Wars* to recount many all-too-humbling, entrepreneurial lessons like these. They confirm his promise to one day write a book designed to help other small businesses succeed.
