

Koren Humash - Vayikra (Hebrew Edition)

An innovative addition to Korens Educational Resources, the Humash with Rashi and Onkelos is rich with valuable resources that makes Humash study clear and accessible to students of all ages. The carefully-crafted layout honors the centrality of the Torah by placing the Biblical text its own page, facing the commentaries. This layout allows students to focus on the text on its own terms before encountering the commentaries. * Appendixes with real-life color photos of plants and other biblical botany, helpful charts and diagrams, and more.
