

Once Upon a Midlife: Classic Stories and Mythic Tales to Illuminate the Middle Years

STORIES FOR THE MIDLIFE TRAVELER In fairytales, the Prince and Princess marry and live happily ever after. But what really happens then? The unique stories in this book, collected from around the world, provide the answer. They portray men and women at midlife, and offer timeless wisdom for surviving “and growing” in this often turbulent time. This expanded edition of the popular, international classic contains further commentary, especially useful for a post 9/11 world. These are tales of the surprising twists and turns of life that occur between the loss of youthful magic and the gaining of elders wisdom “delightfully told by a wise and witty psychiatrist.” -June Singer, Ph.D., author of *Boundaries of the Soul* and *Seeing through the Visible World*. This book contains storytelling at its best. The tales can guide the reader through the trials and tribulations of this time by shining a light into the darkness. -Robert A. Johnson, author of *He and She*.
