

Pilgrim Withdraws: A Rebuttal to Pilgrims Progress

Pilgrim's Progress was written in 1678 by John Bunyan, no relationship to Paul. It is a Christian allegory of the world to come and is considered one of the most significant religious works of English literature. It has been translated into more than two hundred languages and has never been out of print. And now it's time for a rebuttal. Pilgrim's Withdraw: A Rebuttal to Pilgrim's Progress is a satirical attempt to rescue the human story from a capricious deity. It is the story, the allegory, of one man's search for meaning. In this story, Pilgrim stumbles upon a Book of Knowledge, a simple book, which shows Pilgrim that his beloved home, the City of Dogma, is not the stable and secure place he had been taught. Because of his desire to discover knowledge, he is ostracized by family and friends and forced to journey beyond his home. In the process he learns that God and the Satan wear different masks: and that those who don't know right from wrong don't lack morality, they lack compassion.
