

Billionaire Romance Series: The Billionaires Penthouse (Billionaire, Contemporary, Short Story)

From Amazon Bestselling Author, Lexi Duval, comes a delicious new billionaire romance series, The Billionaires Penthouse. Readers should be 18+ for sex scenes and swearing. My name is Sky, and I sleep with men for money. I do it because I have to, not because I want to. You see, my mother has cancer, and her treatment costs a lot. There's no other way for me to save her life, and she's the only person I care about. I can't lose her. I won't lose her. I'll do whatever it takes to make sure she beats this thing and comes back to me...even if I'll never tell her how her care is being paid for. My name is Logan. I live at the top of Tower 80 in Manhattan in the Penthouse. I own the building, like I own so many others. I took my father's real estate company, and made it into a beast. I achieved fame, and fortune, and admiration. But I didn't like it. In fact, I began to hate it. Now, I live in the Penthouse, and I don't come down. For years now, I've lived alone, only occasionally paying for company. I don't know if I'll ever go back down. It'll take a special person to convince me...and I don't meet many special people up here. The Billionaires Penthouse tells the story of Sky and Logan, the enigmatic and mysterious billionaire. There are many urban legends about him on the streets of New York, but no one really knows the truth. Soon, however, two people from completely different walks of life will meet...and they'll change each other's lives forever. This is a three-part series. Included with the book are numerous billionaire

bonus stories from bestselling author, Lexi Duval, all of which come free.
