

## The Womans Way : Celebrating Life After 40

Once in a great while, a book resonates so deeply and speaks so truly that it casts a whole new light on the adventure of life, love, connection, and lifelong learning. The Womans Way is a book of short observations - some witty, some funny, and some deep and rich with love - that show real life as just that: not a fairy tale, not a nightmare, but a real-world adventure to be savored and shared. Author Regan Brown shows us that women have learned a great many life lessons by the time we reach 40. The right perspective helps us enjoy every minute of the journey - we find ourselves free to follow our dreams with more confidence, resilience, wisdom, and inner strength. The wisdom and personal reflections found in The Womens Way help women discover and appreciate the joys of knowing their friends better, fully appreciating the freedoms theyve discovered, and enjoying the magnificent opportunities that still lie ahead.
