

RMS Olympic: Titanics Sister

The definitive study on this famous and highly successful White Star liner. Sitting around a dining room table in 1907, the owners of the White Star Line discussed their competition to the newly-built Cunard liners, Lusitania and Mauretania. From that smoke-filled room came the first designs of three White Star superliners. Olympic and Titanic were to be built at Harland & Wolffs yard in Belfast, while the third ship was to follow after construction had been completed on the first pair of sisters. The only ship to make a return passenger voyage was Olympic and she was always overshadowed by her younger sisters. This is the definitive story of Titanics sister RMS Olympic.
