

There Probably Is No God - So Stop Worrying And Enjoy Your Life!

Is there a god? Its probably one of the most pondered questions in all of human history, and yet there is no definitive answer, and more than likely never will be. From the author of *The Atheists Guide To The Bible*, this concise guide first discusses the very concept of god, and then moves on to discuss a number of logical, empirical, and deductive arguments against the existence of a supreme being. From the evil paradox, to the argument of infinite regress, from Russells Teapot to the destiny of the unevangelized, youll discover new answers and arguments to use in any theological discussion. Is there a god? By the end of this book, youll be well to equipped to make a solid case that the answer is probably no!
