

# Hunted by the Alphas: The Complete Collection (Seven Book Paranormal Romance Box Set)

When two Alphas fall for a monster hunter, who will end up hunting whom? Val doesn't have time for love. If she wants to become a vampire hunter, she needs to focus on dagger skills and marksmanship. Any lapse in concentration could get her killed, so the attention of a tall, handsome man is especially inconvenient on the way to her first mission. His amber eyes are hard to get out of her mind, and they might just prove fatal. His whole life, Blaze dreamed of the day he'd become Alpha of his pack. When his older brother Ash got the position, Blaze left, vowing never to return. Arriving in the city, he encounters a woman whose stunning curves distract attention from her arsenal of concealed weapons. One look is all it takes to know that she's his fated mate. The only problem is that Ash wants Val, too. He already took the pack—he can't have Blaze's mate. But their quarrel will mean nothing if they can't save Val from a murderous enemy. This is a complete story—no cliffhangers! Get ready for wolf shifters, steamy ménage romance, and a very HEA.
