

The PowerScore LSAT Reading Comprehension Bible (PowerScore LSAT Bible) (PowerScore LSAT Bible Series)

The PowerScore LSAT Reading Comprehension Bible is the definitive guide to the Reading Comprehension section of the Law School Admissions Test (LSAT), featuring official LSAT passages and questions with complete explanations. This book will provide you with a powerful and comprehensive system for attacking any Reading Comprehension question that you may encounter on the LSAT. The concepts presented in this publication are representative of the techniques and approaches that have been tested in PowerScores live LSAT preparation courses and have consistently been proven effective for countless students. In an effort to clearly explain the fundamental principles of the Reading Comprehension section, this book contains substantial discussions of how to deconstruct the passages, how to identify and attack the questions, and how to successfully avoid traps set by the test makers. In addition, the PowerScore LSAT Reading Comprehension Bible contains a variety of drills and exercises that supplement the discussion of techniques and question analysis. The drills help strengthen specific skills that are critical for LSAT excellence; for this reason they are as important as the LSAT questions. At the end of the book, you will find a complete quick-reference answer key to all of the problems. This includes chapter-by-chapter answer keys, and a unique reverse lookup feature that lists all of the included passages, sorted by the LSAT administration date and

PrepTest number. We believe the use of official Reading Comprehension passages is essential to your success on the LSAT, and no LSAT passage in this book has been modified from its original form. By carefully studying and correctly applying the techniques employed in the PowerScore LSAT Reading Comprehension Bible, we are certain that you can increase your Reading Comprehension score.
