Here is a preview of what is inside this book: Childhood and High School Years College Years at the University of Florida Joakim Noahs NBA Career Noahs Personal Life Joakim Noahs Impact on Basketball Joakim Noahs Legacy & Future An excerpt from the book: Joakim Simon Noah was born on February 25, 1985 in

New York City, New York to former world ranked French tennis player, Yannick Noah, and 1978â€™s Miss Sweden Cecilia Rodhe. Having parents from two different countries and being born in a third country is an interesting situation. You can have three citizenships (in this case French, American and Swedish), and you can consider several languages to be your native one while calling three different places home. Tennis fans can tell you what type of player Yannick was. Even though he was never World No. 1, he was one of the greatest players in the 80s at World No. 3. Yannick even won one Grand Slam at the French Open in 1983. More importantly for this story, Yannickâ€™s character on the court has fueled Joakims passion and energy for his game. Yannick isnt the only sports person in the family. Joakims grandfather, Zacharie Noah was a professional soccer player who won the Coupe of France in 1961. Zacharie lives in Cameroon where Joakim also likes to visit. Even though Joakim was born in the United States, most of his childhood was spent in his fathers homeland of France. He lived in Paris until 1998 where he finished elementary school and then moved back to New York City. He respects the influence that both cities played on his development. Part of his toughness was a result of growing up in those cities and Noah embraces it.
