

Superintendents Handbook of Financial Management

The key to any successful business is the effective management of revenue, costs and of course profitability. This book provides golf course superintendents with the necessary tools to manage their daily financial operations by explaining basic accounting principles such as pricing, budgeting, cost control, payroll and cash flow. With chapters on financial statements, golf course operation schedules, breakeven analysis and operating budgets this is an invaluable tool for all owners, operators and managers of golf courses. * The first edition has become the standard industry tool for understanding and making sound financial decisions (1575040395, Ann Arbor Publishing, 1996) * Schmidgall is the industrys leading authority of financial practices for golf-course superintendents
