

The Big Book of Quotations for Atheists, Agnostics, and Secular Humanists

This Big Book of Quotes is an updated version of my three quote books: 1. Over 365 Quotations for Atheists Agnostics and Secular Humanists 2. 365 Additional Quotations for Atheists Agnostics and Secular Humanists 3. Humorous Quotations and Jokes for Atheists Agnostics and Secular Humanists The quotes from the first two books have been combined in this version. All duplications have been removed, numerous quotes were deleted, and over 50 quotes added. The third, humorous quote book is also included and listed separately in Part Two. The quotes from all three books were combined and organized alphabetically by author in Part Three. If you already own one of my other quote books and decide to purchase this book, remember you can lend them out for up to two weeks and a Kindle reader is available on virtually any device. Like my other quote books, all quotes are categorized and ranked with the best ones up front and an emphasis on shorter quotes. If you have a favorite quote I've missed please visit my website: www.improbulos.com and send me a note. Understand that inclusion of an author in this volume does not mean that he/she is a non-believer. The only requirement is that the quote was memorable and something my intended audience (of non-believers) would find interesting. While writing my book, The 12 Unthinkable Horrors of Human Existence, I assembled a lot of great quotes for atheists, agnostics and secular

humanists. To create my quote books I spent hundreds of hours reading dozens of books, listening to debates, watching YouTube videos and searching the Internet. In addition, I have included original quotes not found anywhere else. Like my Book of Lists, I have created an internal quote database where I organize quotes by type, rank, author, subject and length. Note that Kindle E-books can be updated anytime so occasionally delete the version on your Kindle and download the most current version. I am sure I will be updating all my quote books several times this year. It is convenient to have a quote collection on your Kindle device, personal computer, Android phone or iPad. A version number and date is in the very front. Amazon only sends out notices where there is a major change so currently updating your book is a manual process. Quotations listed here are provided based on the Fair Use doctrine. We encourage you to purchase the complete books from all the authors quoted in this resource book. I hope you enjoy this E-book and if so, please share it with your friends. You can help support my work by purchasing my other Kindle books on Amazon.com and providing positive feedback.
