Stand Alone Novel - A Bad Boy Military Crime and Suspense Tale Set In the Civilian World 50 Shades of Grey Meets Kill Bill in M.P. Lodi's Noahs Rise. Noah and Emily couldn't be more different from each other. She grew up poor, and he grew up in the world of the wealthy. Wanting something more out of life but worrying she will never get the kind of man she always dreamed of, Emily falls for a bad boy who is a former M.P. that served in Afghanistan. He is best friends with Emily's best friend's new husband, a billionaire who is known worldwide. Noah grew up as the pampered heir to his father's fortune, but as a patriot he served his country. In Afghanistan, he hand-picked a unit filled with people who would do anything to protect and defend freedom, despite the rules of engagement that put all military men and women's lives at risk. To keep his friends safe after tragedy strikes, Noah and his unit make war on organized crime, with national shattering results. Called Noah Hood by the media, he and his men fight the mob and do what they deem as needed. They rob from the wealthy drug dealers and mobsters and give millions to the poor. Their reputation grows daily as the F.B.I. and other law-enforcement agencies are on the hunt to catch them. As Noah and Emily's romance hangs in the balance, Emily's love for Noah comes into question while they're on the run. Can steamy fantasy-filled sex hold them together while surrounded by chaos? Will Emily be able to live a life on the run as Noah's fame,

coupled with the fanatical loyalty of his men sets them all on a collision course with destiny?
