

New Life Insurance Investment Advisor: Achieving Financial Security for You and your Family Through Today's Insurance Products

For anyone who needs to understand different types of life insurance, as well as considerations for purchasing and managing policies, this book should be on your nearby reference shelf. If you've frequently found yourself fumbling around with terminology, such as the differences between variable, universal, and variable universal life (VUL) policies, you'll finally see some light through the haze. - MorningstarAdvisor.com

Life insurance doesn't have to be complex or intimidating. Ben Baldwin's completely revised and updated guidebook makes it clear and logical, discussing how to analyze insurance products based on their investment merits and best overall financial returns. This clear, authoritative resource for consumer insurance information covers the pros and cons of Internet purchases, techniques to use capital within a policy, the fixed premium feature, insurance for different stages of life, and the new emergence of immediate annuities.
