

5 Ways to Grow after 50: Inspiring Examples of Midlife Women (Womens Zenith Years) (Volume 2)

Hosting a community TV show for women convinced the author to produce this guidebook. 40 Guests shared their midlife stories with honesty and a sense of humor. They openly talked about challenges and failures, accomplishments and future goals. Based on an extensive career in Human Resources, and a Masters degree in Organizational Behavior, Georgian gleaned 5 key areas that emerged in the interviews. In this book she frames the topics, cites examples from interviews, and shares related stories from her own life. Each of the 5 topics reference interview clips that are on www.GeorgianLussier.com. The reader is also directed to YouTube to view full, half-hour segments. Finally, each topic ends with a question for the reader to ponder. Original, inspirational photos are provided by her daughter, Kate Lussier. 5 Ways to Grow after 50 complements the authors 2011 book, 55+ Unite! Welcome All Wise Working Women. It provides concrete evidence that working women can thrive as they move through midlife, achieving what the author calls their Zenith Years.
