

# The Asperkids (Secret) Book of Social Rules: The Handbook of Not-So-Obvious Social Guidelines for Tweens and Teens with Asperger Syndrome

Being a teen or tween isn't easy for anyone -- but it's especially tough for Asperkids. I know. I was one, I taught a whole bunch, and I am going to be raising three! That's also why I know that Asperkids deserve their very own guide to all of the hidden social rules that are awfully confusing to us, even if they seem obvious to everyone else. The Asperkids (Secret) Rule Book of Social Rules. This isn't your mom's Emily Post, and there is no don't do this finger-wagging or patronizing high and mighty preaching here. Instead, the Secret Book gives Asperkids (aged 10-17) respectful, funny insights written for Aspies by an Aspie. Chock full of illustrations, logic and even a practice session or six (in comic strip style, thank you very much!), this is the handbook every adult Aspie wishes we'd had growing up, but never did.
