

Playing With Her Heart

This is a STANDALONE full-length spin-off novel of the New York Times bestselling Seductive Nights series... He's sexy, sophisticated, possessive...and my boss. I'm trying to resist him, I swear. I'm good at resisting, and at playing pretend too. It's what I do for a living. But as he directs me in my first Broadway play, I'm having a harder time pretending that I don't want him to take me. On the piano. In the limo. In the dressing room. Anywhere and everywhere. *** She fucking captivates me. She's all innocent blond on the outside, but deep down she's wildly sensual. I'm fighting hard to deny this desire for her. But it's a losing battle. She's beautiful, talented, and passionate, and the more I make her come undone and cry out my name, the deeper I fall for her. I swear I'm not playing with her heart, and I hope to hell she's not toying with mine. Because I will do whatever it takes for her...
