

# Afrocentric Sermons: The Beauty of Blackness in the Bible

Afrocentricity seeks to rescue African history and heritage from its exile within our culture and encourage within African Americans the God-given self-esteem and dignity that have been eroded over the years. What better forum is there than the pulpit to proclaim hope through a clear message of freedom and worth? These sermons will shock, inspire, agitate, and uplift as Rev. Waters strives to heal the spirit of my people so that they can rise up and be the people of God.
