

Women, Feminine Energy and Symbolism (Islam: New Perspectives at the Dawn of a Spiritual Milieu Book 5)

The principles in the text of the Quran point us to the Truth so that it may be discovered and applied by each and every person in every moment as appropriate. To apply past rules to the present is akin to keeping corpses in our closets because they once embodied great spirits. Attempts at resuscitating the corpses so as to re-experience the past today is futile. We must discover and BE our own great spirits today by drawing example from those who showed us the path of Truth. I close this chapter with the following indication from the Quran in Al-Aâ€™raf:28. When they do aught that is shameful, they say: We found our fathers doing so; and (Allah) commanded us thus: Say: Nay, Allah never commands what is shameful: do ye say of Allah what ye know not?
