

After the Prophet: The Epic Story of the Shia-Sunni Split in Islam

In this gripping narrative history, Lesley Hazleton tells the tragic story at the heart of the ongoing rivalry between the Sunni and Shia branches of Islam, a rift that dominates the news now more than ever. Even as Muhammad lay dying, the battle over who would take control of the new Islamic nation had begun, beginning a succession crisis marked by power grabs, assassination, political intrigue, and passionate faith. Soon Islam was embroiled in civil war, pitting its founders controversial wife Aisha against his son-in-law Ali, and shattering Muhammad's ideal of unity. Combining meticulous research with compelling storytelling, *After the Prophet* explores the volatile intersection of religion and politics, psychology and culture, and history and current events. It is an indispensable guide to the depth and power of the Shia-Sunni split.
