

A Harley or My Wife - a Guide for Midlife Men and the Women who Love Them (Middle English Edition)

This book isn't about motorcycles.

It is about a quandary a man often hits at midlife, where it looks tempting to buy a Harley and hit the road... Maybe you have reached some or all of your goals, and instead of feeling great, you feel EMPTY. Maybe you don't know what your life is about any more. Time seems to be going faster and all of a sudden you get your first glimpse of the end, and you HAVEN'T DONE what you came to do, whatever THAT was. Your job is not so fulfilling anymore and you don't know what would fire your passion. It is as though life has turned kind of GREY and the juice is gone. Maybe you have: Had a Financial Setback Lost a job Your marriage is ending or maybe you are ending it because you still love your wife, but you are not in love with her anymore and you don't know what else to do. You are in a MIDLIFE TRANSITION.

You are not alone and there is nothing wrong with you. It is, however, a tricky time and it is easy to make mistakes that you will regret later. I wrote this book to guide you on your midlife journey.
