

The Siddur Companion

this book is intended to form the background for a meaningful devotion to prayer, during the week and on the major festivals. It will help guide the novice through the different prayers, clarify the order of the prayers and make these prayers more understandable and fulfilling. It will also give those more familiar with the prayers, as well teachers and students of Jewish prayer, a sense of the evolution of the siddur and the differences between Ashkenazi, Sephardi and other customs. Throughout the ages, the siddur has been the most common possession of all the people of Israel, and the vehicle by which Jews express their deepest desires. It is the central expression of Jewish life, known and used by all in every age and every circumstance, in the Land of Israel and throughout the Dispersion, by the rich and the poor, by the learned and the unlearned, by the old and the young, in joy and sadness, in celebration and mourning. It was not created by one hand, nor at one time or in one place, yet it reflects the national longing for redemption of each generation. As such, its prayers deserve to be on our lips and in our hearts, as part of our link to the generations past, present and future.
