Do you want to sleep with her first or shall I? So begins this hilarious story of a Swedish girl who travels the world looking for adventures and romance. She works in England, France and Spain to learn those languages. In California she teaches Swedish to American Army soldiers and meets a Russian, marries him and lives with him and their two children in Japan and in Rome. After ten years, they move to Santa Barbara, California and fifteen years later Kerstin divorces her husband and continues to travel alone to, among many other countries, China, where she risks being arrested for smuggling. This book is fun and makes you laugh.
