

## Over 365 Quotations for Atheists Agnostics and Secular Humanists (Quote Books)

Since first published in December 2012, this book has been consistently in the top ten books on Amazon under agnosticism. Understand that inclusion of an author in this volume does not mean that he/she is a non-believer. The only requirement is that the quote was memorable and something my intended audience (of non-believers) would find interesting. Since I first assembled this list I collected more quotes and discovered I had enough for a second book: 365 Additional Quotations for Atheists, Agnostics, and Secular Humanists (2013) and a third quote book: Humorous Quotations and Jokes for Atheists Agnostics and Secular Humanists. All three books are included in The Big Book of Quotations for Atheists Agnostics and Secular Humanists. In addition to containing all of the quotes in the first three books, the Big Book has all the quotes organized alphabetically by author. Before you purchase this book you may want to review the Big Book of Quotations--it is only \$1 more for all three books plus an index by author. Enjoy this collection of some of the best quotes for atheists, agnostics, and human secularists. Some are poignant; some are biting; all are memorable. I've assembled them by category with short quotes up front and the longer ones toward the end of each section. If you have an hour on the train, on the plane or you're just killing time, take a moment and enjoy the wit and wisdom of your fellow heathens. In addition to this book
