

## Lost and Found, a vampire romance bundle

This is a bundle of the first two stories in the Lost series. Lost: Alone in a cursed canyon, even a vampire can look safe. After a car crash that may have taken her friends' lives, Rachel Daniels finds herself lost in a cursed canyon. Her only hope to escape the place and save her friends is the man she finds wandering through the night; except Cameron Renault is no ordinary man. He's a vampire and Rachel's nightmare may have just begun. Lost is a vampire romance short of around 15,000 words or 40 pages if in print. Also Included: Found Nancy Bonnelly killed her friends. She was driving the car when it wrecked, and she talked them into driving through the cursed canyon. Now two of them are dead, another is missing, and Nancy is injured and near death herself. She is all alone until Dorian Renault finds her, takes her to a cave and nurses her back to health. But what kind of man has the power to bring the almost dead back to life? A vampire. And Dorian isn't any vampire. He's a vampire fighting a monster of his own, one that lives inside him. He's given up hope of winning the battle and was ready to die, until he meets Nancy. Now Dorian has hope: hope that with Nancy by his side he doesn't have to be a monster after all. However, unknown to Dorian and Nancy, there are other monsters in the canyon. Monsters who know more about Nancy and her accident than Nancy herself. Found is a 15,000 word short story, around 60 pages if in print.
