

## A Submissives Dream (Divine Designs Book 2)

This is book two in the Divine Design series. Logans love helped set Elizabeth free to find her voice. Together, they are looking forward to bringing the run-down house back to life to become Haven, the hotel of Elizabeths dreams. As family and friends gather to begin renovating the old house, Barbara, Loganâ€™s sister, is quick to show her true feelings about the entire concept of a hotel catering to the D/S lifestyle and the people building it. When she finds herself bottom up over the lap of a man she doesnâ€™t even know getting the back of her jeans warmed, her first thoughts are those of threatening to have him arrested for assault. Craigâ€™s response is to inform her that she is to come to him and ask him to finish the spanking she knows she deserves. Despite her determination that hell will freeze over before she asks anything of this dominant alpha male, Barbara canâ€™t stop thinking about the short spanking as well as his words. Seeing past her attorney persona and finding a kindred spirit, the other women refuse to let Barbara remain uneducated in what true submission offers. Can she step away from her past and trust someone to show her that her hidden dreams and secret desires can move from fantasy to reality? Can she find the strength to allow herself to let go of the control sheâ€™s clung to all her life and let another guide her down a path she needs to walk? As she explores new possibilities, Logan and Elizabeth explore a shed hidden in the woods behind Haven. The discovery promises to

add even more possibilities for those couples who are not afraid to live their lives as they desire; sharing in the lifestyles that make each individual unique. This book is meant for adults only. It contains the spanking of adult women, elements of the D/S lifestyle, explicit sex, and explores the dynamics of age-play. If any of these offend you, please don't purchase this book. If however, you enjoy books of intense love with a bit of spice, please read on!
