

Once Upon a Wedding: Book One of the One Day at a Wedding Series

Pinnacle Book Achievement Award “ 2015 Contemporary Romance Novella (1st Edition) Our readers wanted more so here it is! The 2nd edition is a full length novel that combines the first two novellas from the 1st edition about Cassie and Dan with added story line. We love Cassie and Dan and glad you do as well!

Cassie Anderson, bridesmaid extraordinaire, is tired of attending her friend’s weddings either solo, or with her best friend, Thad. Finding a real date is simply too much work. Especially when she sees an old acquaintance from high school, Dan, at her friend Shelley’s wedding. After the spark shared between them, Dan has become the object of her affection. Too bad he has a nasty habit of having a date on his arm at every turn. Stealing another woman’s date is against the rules, but if she could just catch him at an event alone—well, that would be fair game! Unfortunately, timing is everything, and she and Dan seem to have the worst. Always the bridesmaid, walking away with nothing more than a dreadful dress, Cassie is committed to changing her luck and getting her man. Dan daydreamed about Cassie Anderson through most of his high school classes. She barely knew he was alive “ but that didn’t stop him from wanting her for all those years. Unfortunately, her return to his life comes at the worst time possible. As he tries to put his life back together, he keeps an eye on her, hoping to find her single at the right time. A time when it all hurts a bit less. A time

when he can offer her all of the love she deserves. After three weddings of happenstance meetings, Dan finds himself to be a little more ready for everything that is Cassie. Putting himself out there, he can only hope she is everything he thinks she might be his forever girl.
