

The Four Worlds: A Guide to the Kabbalistic Landscape of Creation (Chasidic Heritage)

Your atlas to an understanding of the spiritual worlds that populate Chasidic and Kabbalah texts has arrived. In 1937, M.A. Horowitz wrote to Rabbi Yosef Yitzchak Schneersohn requesting a better understanding of these mystical worlds: Do they occupy space? How do they differ from one another? In this Chasidic Heritage Edition printing of Rabbi Yosef Yitzchak's answer, the crisply typeset Hebrew text appears with vowels and English translation. The finely written introduction and copious notes at every challenging point make this edition less of a reprinting and more of a tutor in print. The Four Worlds is a MapQuest for all those who have wondered: Where exactly is Atzilus?
