

Women Food and God: An Unexpected Path to Almost Everything

No matter how sophisticated or wealthy or broke or enlightened you are, how you eat tells all. After three decades of studying, teaching and writing about our compulsions with food, bestselling author Geneen Roth adds a powerful new dimension to her work in *Women Food and God*. She begins with her most basic concept: The way you eat is inseparable from your core beliefs about being alive. Your relationship with food is an exact mirror of your feelings about love, fear, anger, meaning, transformation and, yes, even God. A timeless and seminal work, *Women Food and God* shows how going beyond the food and the feelings takes you deeper into realms of spirit and soul to the bright center of your own life.
