

Too Young to Retire: An Off-The-Road Map to the Rest of Your Life

The resource for ageless adventurers seeking inspiration, ideas and tools for living. Not just another self-help book, *Too Young to Retire: An Off-the-Road Map to the Rest of Your Life* delivers on its promise to guide you to experiences you might not have considered for the time of life formerly known as retirement. The usual subjects most books on retirement cover -- money, work, business opportunities, volunteering, travel and health -- are given a fresh, off-road treatment. The goal is to help you open your mind and heart to the possibility that what lies ahead could be the life you always wanted: simpler, more meaningful, purposeful, in line with your deepest values. Co-authors, Marika and Howard Stone, draw on their personal experiences and those of others who are redefining what it means to be 50, 60, 70 and older today. They are also co-founders of 2young2retire, the Website of Retirement Alternatives.
