Reviews. Review ?The book is thoroughly documented, has an extensive bibliography. It is the aim of this work to go deeply into the question of weird happenings and superstitions in Jamaica to examine carefully the curious beliefs, still prevalent in Jamaica. The book is a companion to Williams's earlier work, Voodoo and Obeahs. The authorship of this book (by a Jesuit ethnologist) makes some of the editorial content suspect. The author spent time in Jamaica and gathered together the material for this book from unique sources. Buy Psychic Phenomena of Jamaica on Amazon.com with FREE SHIPPING on qualified orders.
