

Billionaire Romance: Two Faced - The Complete Series (Billionaire Contemporary Romance Series)

From Amazon Bestselling Author, Lexi Duval, comes a new Billionaire Contemporary Romance Series, TWO FACED! PART ONE Lily isnt exactly whiter than white, even if thats what she wants the world to think of her. Under her pretty shop girl exterior, theres a darkness. A side that comes alive when she does her real job – working as a trapper for a group of professional thieves. Her job is to hunt millionaires and billionaires. To lure them back to their mansions and scout the place once theyre knocked out. Its something shes good at, something she enjoys. All until her latest job goes wrong, a man gets killed, and her life begins to turn on its head. Duke wears a mask during the day, one he takes off at night. His world isnt the spreadsheets and suits and meetings that hes forced to endure. Its the world after dark he truly inhabits. A world of alcohol and women and fighting. A world he enters in order to rebel. When he meets Lily after his latest scrap outside a nightclub, he thinks nothing of it. When he sees her the next day working in a local shop, he begins to get interested. And when she comes to him for help, he feels obliged to say yes. Soon, however, their lives will intertwine even more than either of them know. PART TWO Lilys life is starting to get a whole lot more complicated. After the events in the Den, shes back focusing on work. But, unfortunately, that means crossing paths once more with Duke, the only guy who might just bust her cover. Its one of the

biggest society events of the year, and a prime opportunity for Lily to catch a great score. The only problem? Her new colleague Claire isn't making things easy, and the one guy she needs to avoid happens to be right there at the table in front of her. From there, things are only going to go from bad, to a hell of a lot worse... PART THREE After Blaine's latest reveal, Lily finds herself shifting track and in an unfamiliar position, working undercover at a hotel in New Jersey. And all for one man, one target: Duke's father, Roger Farrell. When she returns home, however, she runs into someone she never expected to see again, someone who starts a chain of events that will bring them even closer together than she ever thought possible. Soon, both Lily and Duke are questioning everything in their respective lives. Lives that are so different and yet, now, so closely intertwined. Soon, their worlds will collide even more...with potentially disastrous repercussions. PART FOUR Things have just changed...neither Lily or Duke's lives will ever be the same again. After discovering his father's business card in Lily's handbag, Duke comes up with a plan that will release them both from the lives they're so desperate to escape. To see it through, Duke will have to go to an ever darker place, and Lily will have to work her magic just one last time. If they're successful, both will be free. If not, their worlds will come crashing down. But it's a risk they're both willing to take...for freedom. And for each other. PART FIVE Lily is in shock at the revelation concerning Blaine. A shock that is quickly quelled

and channeled into a deep feeling or revenge. The man who has mentored her for years has been performing the biggest deception of them all...and now its time for Lily to right a wrong thats been tormenting her for a decade. With Duke in support, always by her side, the various strings of both their lives begin to come together. Will they break through to the other side and finally escape the lives theyve worked so hard to leave behind?
