

The Life and Writings of Saint Patrick (Illustrated)

“ A Classic ” Includes Active Table of Contents ” Includes Religious Illustrations Our chief purpose in writing this new Life of St Patrick, when so many Lives already exist, is to give a fuller and, we venture to hope, more exact account of the Saint’s missionary labours in Ireland than any that has appeared since the Tripartite Life was first written. For this purpose we have not only thoroughly studied Colgan’s great work, and made ourselves familiar with the really valuable publications of our own times, but we have, when practicable, personally visited all the scenes of the Saint’s labours, both at home and abroad, so as to be able to give a local colouring to the dry record, and also to catch up, as far as possible, the echoes, daily growing fainter, of the once vivid traditions of the past.
