

Shifting Magick Trilogy (books 1-3): BBW Witch and Wolf Shifter Box Set

Moon Curse, book 1 Olivia Kelly is cursed. The eldest of three witches, she is doomed to spend her existence alone unless she finds and mates with a male descendant of the moon goddess, Artemis. Just when she thinks that all hope is lost, a handsome - and very naked - Alpha wolf stumbles into her life. Moon Kissed, book 2 Audrey Kelly has given up. As the middle sister, she is required to mate with a male kissed by the gods in order to break her part of the Kelly curse. An impossible task, even for a witch. However, when her older sister mates with a descendant of the moon goddess, Audrey's hope is renewed. Her new brother-in-law claims that his brother could be the one to break Audrey's curse. But could Lucian really be her one true mate? Moon Mated, book 3 Diana Kelly is the baby of three witches and, like her sisters, cursed. She must find her one true mate before midnight on her thirty-third birthday or risk becoming undesirable to everyone outside of her family. With her sisters happily mated and curse-free, Diana holds on to hope for a miracle. However, the clock is ticking, and she's running out of time, and options.
