Are you a mum thinking of starting a business? Maybe you've been running a small business for a few years now and are not sure exactly which records you need to be keeping for tax and financial purposes. With over 35 tips, including extra bonus tips and answers to Frequently Asked Questions, this book, written by Kylie Fieldhouse, Chartered Accountant and busy mum of two young boys, will guide you through your small business financials and help build your confidence around interpreting your finances. It's so important to know your business numbers no matter what size your business is. Even if you already have an accountant, this book will help you understand more about your self employment record keeping requirements. This guide is an invaluable tool that can be used as a reference book for years to come.
