

Soul Mates Trilogy

The complete trilogy of the Soul Mates time travel series. Book One: Entranced Claire Winslow vacations on an East Coast barrier island, content with her life and her potential future—until the illusion of a man walking the misty shore haunts her. Then one kiss—a beautiful, soulful, stolen kiss in the night—and her life changes forever. Nearly 300 years past, Jack Porter is in hot pursuit of his kidnapped wife. Not an easy feat considering the year is 1718 and the kidnapper is the notorious pirate Blackbeard aka Edward Teach. Determined to rescue his wife and take the pirate’s head in the process, Jack steals aboard the pirate’s ship to save her. Entranced sends Jack and Claire on a wild search through time, not only for the resolution to a powerful attraction between them, but also for a historical artifact that holds the key to their future happiness—the coveted silver-plated chalice made from Blackbeard’s skull. Book Two: Brazen Pitched from a ship during a violent storm in the year 1746, Victoria Porter washes ashore, soon to be rescued by a man on a strange mechanical beast who whisks her away into a world beyond anything she could have imagined. In 2014, Colton MacKenzie fears he has written his last bestselling horror novel until he discovers two things—The Cult of Teach and a tantalizing nymph wandering an Ocracoke Island beach. Fascinated by the history that surrounds the Legend of Blackbeard’s Chalice, he seeks to learn more about these

modern-day pirates and hopefully write a bestseller using the premise. Heâ€™d planned on riding this ride solo until the strange waif on the back of his Harley touches him in ways his demons hadnâ€™t let anyone touch in a long, long timeâ€™. Book Three: Entangled Jackson Porter seeks to fulfill his mother, Claire Porterâ€™s, dying request, and find answers about the imaginary lover who haunts his nights. His future, he learns, is in a place called Ohio, miles and centuries away from his barrier island home in 1745. The land, his dying mother tells him, is his legacy. She urges him to claim it.

In the year 2038, Kari Upton is driven to fight federal sanctions to save her land and her valuable poppy crops. Her upcoming marriage is one of convenience. Marrying Tye Gentry will save her Ohio farmland. There is no other way to gain power than to marry him and ride on his fatherâ€™s political coattails to the state legislature. And all would be perfect if it werenâ€™t for those erotic dreams of a man with long dark hair who haunts her day and night....
