Foreign Earned Income Exclusion (Why Many Successful Web Site Owners are Moving Offshore) Chapter 5. The, One Write Off, Almost ALL Corporate Web Sites Have Web Site Success if a process, there is NO magic and the bottom line shows that larger, successful corporations usually have one particular tax write for their web properties, which smaller web site owners appear to have missed. This eBook explores those differences and shows the small web site owner how to duplicate Corporate America's Web Site Success, on a much smaller scale. This eBook includes over 50 top tax write offs for web site owners who work from home. Also included are the tax codes which can help to neutralize the IRS when it comes to owning a web site. Information on how the IRS will allow you to exclude over \$90,000 in income, along with details on how a profitable web site owner can lower his/her tax liability, regardless of income, is also included. How the IRS catches web site owner tax cheaters is disclosed in detail.
