

## Beginnings: A Samhain Anthology

Celebrating Beginnings, a salute to the first day of the new Celtic year, the first anniversary of Samhain Publishing, we begin with the first annual Samhain Anthology. Inside you'll discover wonderful romantic stories in a wide range of genres from six talented authors. Charlene Teglia brings us a tale of vampires and a chance to start over, Jennie Andrus offers a paranormal showing what might happen when a woman's death is predicted. From Cassandra Kane, an out-of-this world futuristic story of the planet Samhain. Mackenzie McKade lends her talent to a historical quickie, where witch and Beserka unite. Kate Davies explores what might happen when two people from separate times meet and Lorelei James gives us humor and passion in her contemporary story of two strangers who must depend on each other.
