

The Royals of Monterra: Royal Dance (Kindle Worlds Novella) (Noble Hearts Book 2)

When Prince Tristano asks Harper Thackery to remodel the interior of his family home, she isn't sure it's her design skills he really requires. His primary intent appears to be using their relationship to deflect other women and his matchmaking mother. He knows Harper intends to marry another man, which makes her safe—completely off limits by her own decree. But why does Tristano have to dance so ... well, like a prince? And why does his gaze turn her insides to liquid fire? Harper finds herself torn between two dreams, the happily-ever-after she always imagined and a fairytale that might not be real. All because of a magical night and a chance meeting with a prince. If only she has the courage to accept one last dance that might change everything.
