

Doodleology

With over 40,000 years of embedded symbolism, why do our doodles of houses mean something? How can we read the conscious unconscious scribbles in the same manner as we read body language? Delve into the language of the right hemisphere of the brain: metaphor and symbolism. As we explore the meanings of doodles and drawings. Doodleology is the perfect book for someone who is interested in the way people think and would like to be able to define a person's personality based solely on their drawings and doodles. The book is complete with in depth explanations of the different types and styles of doodles, mini articles, examples and sample doodle readings and ideas to profit from doodle reading. By the time you've done reading you'll understand how to read people's drawings and doodles, how to apply the flow to create a seamless structured reading and more...
