

Physical Attraction (Romance Short Story)

Once upon a time, Olivia Stretton had dreamed of the perfect family -- a husband, two kids, a cat and a dog ... until a bitter divorce five years ago turned her off men completely. As a single parent with a nine-year-old to support, her focus has been completely on her daughter, Danielle - until the sexy new physical trainer at her local gym asks her out. The attraction between them is magnetic. Good looks coupled with flashing green eyes, a charmingly contagious smile, and a rather humorous outlook on life, Jordan Waycross is definitely a man to remember. But having tragically lost his wife nine years ago, Olivia fears he may not be ready to leave the past behind. With Danielle away at summer camp, Olivia risks all to find out. Is Jordan the perfect man to complete the family of her dreams, or is the chemistry between them nothing more than a physical attraction? This short story of about 5200 words is perfect for finishing in one night or while waiting for an appointment or just relaxing with a cup of tea.
