

Battle to Survive

This horrifying story of abuse - (sexual, physical and mental) by a father and physical abuse by a husband. Tracy Anderson grew up in a completely dysfunctional home in Dublin in the 50s. Not only did the family suffer in the severe economic hardship of times, but they experienced a reign of terror by a pathologically disturbed father. Not only Tracy, but also her brothers and sisters, underwent the horrors of his sexual and physical attacks, which saw them ending up in reform schools and mental institutions. Tracys innate strength of character, and her courage, saw her win through in the end. It is a remarkable and moving story, told simply and directly by Tracy herself.
