If the reported prediction of a self -effacing William James comes true, the common answer will be, Harvard? Oh, thats the place where Royce taught. And yet, now that almost a century has passed since Royce began teaching at Harvard, most Americans do not recognize the name Josiah Royce. Of those who do, few know him as a significant American philosopher of community. And of these few, far fewer recall either that religious problems first drove Royce to philosophy or that he said such problems of all human interests, deserve our best efforts and our utmost loyalty. Little wonder, then, that when Americans survey our classic philosophers-Peirce, James, Royce, Santayana, Dewey, Whitehead-few of them respond to Royce as the most explicitly and persistently religious philosopher of them all. Fortunately, however, popularity contests do not accurately weigh the merit of a philosopher.
