

Shared by the Bear Clan: Box Set (Paranormal Alpha Werebear Romance)

In wild, ferocious, dangerously passionate dreams, Adriana loses herself nightly to the clutches of three beautiful men who just happen to turn into gigantic bears.

But those are just dreams. In reality, she's a middle school teacher with a ton of time on her hands and not a whole lot to distract her from her nightly fantasies. She tries to push them out of her mind, because after all, that fate stuff is just a bunch of crap for fairy tales, right? RIGHT? First of all, a big love square with her right in the middle is ridiculous... almost more ridiculous than the idea of magical, shape-shifting bears. And second, even if there WERE musclebound bear-shifters, that's not the type of thing you find at karaoke night. But when Ade runs off into the woods to chase a lost eighth grader, she learns that every single thing she thought was true isn't. Caught between a slaving pack of crazed wolves and a trio of bears that bear striking resemblance to the ones from her dream, Adriana is about to find out that love can be hard to find and even harder to keep. But when you're the mate to three enormous bear-shifters? Love will make you ROAR! This steamy, sexy, all-attention-on-her ménage romance is collected here for the first time – witness the passion, the betrayal, the life-and-death struggle to survive from beginning to end. These werebears will give you everything you've ever dreamed... and leave you ROARING for more! Includes the entire SHARED BY THE
